Rev. A. Brittain, of St. Louis, visited the Valley several days last week. Mr. Brittain is located at the Cathedral, and his chief work is visiting the city institutions such as the city hospital, insane asylum and poorhouse. He says he finds the work very interesting and keeps him busily employed.

R'y Company for \$10,000, for the death of John P. Maddock, who was killed on the railroad at Ironton in May last.

The remains were brought to Arcadia Friday night and the funeral occurred from the residence of W. A. Fletcher Saturday morning. The deceased was about eighty-two years of age and long made his home in Arcadia. The older residents of the Valley will remember him.

A merry party of visitors came up from Ironton in a handsome automobile Sunday and took in the beauty and the invigorating air of Bismarck. While here they were the guests of Mrs. G. J. Goeltz, Jr., who, in her own matchless manner entertained them at an impromptu luncheon. T. H. Baldwin, Mrs. H. Woodside, and Misses Bessie Gillam, Adele Hanson and Lizzie Galloway composed the party.—Bismarck Gazette.

Our old friend, Aug. Block, of Bismarck, paid us a call Monday. Mr. Block and his good wife have just returned from a trip to Cuba and other points. They had a delightful time and enjoyed the trip immensely. Mr. Block presented us with some cigars he brought from Cuba. They were certainly fine, and the like we do not often come across in this country. Apply they might be termed Havana luxuries. Mr. Block has our sincere thanks.

We are always glad and grateful to receive communications containing the neighborhood news from every portion of the county, but the letter must be accompanied by the real name of the writer, "not necessarily for publication, but as an evidence of good faith." This is a rule that admits of no exception, and unless you adhere to it we cannot print what you have to say, no matter how meritorious or desirable it may be. Please don't forget it.

Lyman S. Gardner has resigned as cashier of the Bank of Hornersville, on account of the poor health of his wife, and will move to Charleston, and take a position in a bank there. That makes a vacancy at Hornersville which the right kind of a man can get.

There is a salary of \$75 in the job, it is understood, and the work is pleasant. The bank is in fine condition, and popular. A. J. Langdon started it and has kept it up at a high standard.—Kennet Democrat.

Prof. J. G. Hartman, of this place, was this week appointed School Commissioner of Reynolds county by Governor Folk, vice O. L. Hargrove, resigned. Prof. Hargrove's reason for resigning was that he is now engaged as principal in the Cape Girardeau public school, and as such he could not give the attention to the office that he felt it deserved. In the appointment of Mr. Hartman the Governor acted wisely, as Mr. Hartman is a splendid educator and a good citizen.—Centerville Outlook.

A Republican paper in Iron county says there is grafting among the county officials of that county. Editor Ake, who has lived up there and edited a paper for a generation, says that every statement made to that effect against the officials of Iron county is a deliberate and premeditated falsehood made by an individual financially immune from punishment in the courts. And what old man Ake says on that score is good enough for us. If you ask him, he will doubtless inform you that about the last official scandal carried on in that county occurred when the Republicans had charge of things.—Jackson Cash-Book.

The school book trust is working a new graft on the people in counties where the school commissioners did not adopt a new set of school books for use in the public schools. The new graft is, books that were in use in the schools last year have been "revised" by the trust this year which makes the old books useless and new ones have to be bought by the parents of the pupils who attend school. It is the same old book trust "revised" in other words it is just one more scheme of the school book trust to fatten their dividends out of the pockets of the people who patronize the public school.—Fredericktown Democrat-News.

Judge John H. Raney, of Greenville, came to the city this morning. The Judge is very much elated over the Stock Show held at Farmington last week, as he had his fine horse entered at the show and took down the red ribbon as second best, M. L. Clardy's horse taking first premium. Judge Raney says the audience thought his horse should have been first instead of second, but the judges thought otherwise, and that is what counted. It is next to impossible for an outsider to go against home folks in a horse show and get justice. Try them again, Judge, get them away from home where you will have a better show.—Poplar Bluff Citizen.

Not many people are aware that since July 1st a law is in effect in this State protecting purchasers against state eggs. The law as enacted reads: "It shall be unlawful for a person, firm or corporation to sell or offer for sale any eggs after the same have been in an incubator or to sell or offer for sale eggs in a rotten or decaying condition to be used as food. It shall be the duty of all peace and health officers to seize eggs found to be unwholesome which are intended for sale or offered for sale as human food. Any person, firm or corporation found guilty of violating the provisions of this act shall be fined not less than \$10 nor more than \$100 for each offense.

The matter of the revocation of the certificate of Prof. M. W. Daugherty, of the Piedmont school, came up for hearing before Commissioner Clubb here last Saturday, and in consequence thereof quite a delegation of Piedmont citizens were over, some as witnesses and others as spectators. The allegations were that Prof. Daugherty had been guilty of immoral conduct in that he had been guilty of excessive drinking, which incapacitated him as a teacher and for which his certificate should be revoked. Whether this has been done to the satisfaction of the commissioner, remains to be seen, as his decision will be handed down next Saturday.—Greenville Journal.

Some burglars with more than ordinary gall and nerve visited the "Valley Home" of Mr. Wm. H. Thomson, in Arcadia, last Friday night. They arrived about ten o'clock, drove up in a wagon to the kitchen door, then entered the kitchen and cellar, where they proceeded to help themselves to everything edible in sight. Miss May and a lady friend and one servant were alone in the house. Alarmed at the noise the intruders made, the former took up her revolver and shot twice from a window into thin and yielding atmosphere. This alarmed the thieves and they hastily jumped into the wagon and drove off, with a goodly supply from the larder. Consequently upon this moonlight visit, breakfast at the "Valley Home" Saturday morning was a slim meal.

Speaking of iron mining, there is some of it sure going on around the county seat. A big ore washer is being installed south of town that is connected with the railroad by a spur now in course of construction. Further out on the railroad are numerous profitable "diggings." Between Henson's mill and Greenville an iron mine is being worked successfully. The company operating it has established a store there. The railroad station is called Edwardsville. Men flocking in and securing jobs in all the mines every day, and there will soon be many hundred laborers at work. Speaking with a mining contractor at Greenville the other day the Banner man was told that an amazing number of bosses and iron experts are showing up in quest of jobs, but that there continues to be a crying need for more pick and shovel men.—Piedmont Banner.

"With 73 shots in his body, Jas. Mulligan, 75 years old, a farmer of Van Buren, Mo., crawled several miles on his hands and knees to a logging camp from his farm, where he was shot by five unknown men, who were ordered away. Mulligan is a former St. Louisan; several years ago he lived at 1010 Chouteau avenue. When he left St. Louis he moved to Arcadia and then to Van Buren. He is recovering." The above appeared in one of the metropolitan papers a few days since and illustrates pretty well the tendency of such to magnify items of news. As a matter of fact, Mr. Mulligan was not seriously injured, none of the shot penetrating to any depth, and he was quite able to reach Fremont and from there to Van Buren without assistance. Mr. Mulligan has almost completely recovered now, and seems to be but little the worse for the experience, but the reason for the sudden assault remains unknown.—Van Buren Current Local.

A Matrimony Business Call.

Ladies here is a young man, a bachelor, and a member of the W. O. W., looking for a true, kind and loving wife, who wishes to marry a kind, true gentleman, of good character, who would appreciate a good wife. I desire to meet ladies from 17 to 32; prefer single lady, or widow with not more than one child. I am an American Protestant of good character and good habits; use no liquor. I am upright and honest; age 30, weight 153; a good worker, steady and saving. I belong to the M. E. Church. Ladies, if there are any who desire to settle down, make a call on this gentleman at the Commercial Hotel and learn more facts. Room No. 7, this hotel, Ironton, Mo. G. T.

You are cordially invited to call and examine the Ladies', Misses' and Children's Fall and Winter Hats, which are now on sale at B. N. Brown's One Price Cash Store, Ironton, Mo.

Hear the Other Side.

The English Protestant historian Macaulay says: "There is not, and never was, a work of human policy so well deserving an examination as the Roman Catholic Church." Now my purpose in inviting Fathers Randall and Crane to our community, is to give all an opportunity to hear the doctrines of the Catholic Church explained by two of her own members.

Most of you heard only the opponents of the Catholic Church, and these were, and are, not always unprejudiced nor correctly informed. Give us a hearing. We live among you, and we wish you to know us. You will find that you have been laboring under many wrong impressions. You will discover that many teachings and practices are attributed to the Catholic Church which she never held nor practiced; such as adoring images, forgiving sins for money, or not permitting the laity to read the Bible, etc. Come and hear whence you get your Bible, which the Catholic Church solely and alone preserved for fifteen centuries pure and unutilized. Give us a hearing. All we ask is "fair play." Then judge for yourself. This, as American born, we may ask of our fellow-citizens.

All are cordially invited and all may ask any question about religion, history, the teachings and practices of the Catholic Church. The Catholic Church is not a secret society, having one doctrine for the initiated and another for the public. We want all to know the truth, the whole truth, and nothing but the truth.

Do not forget the dates. There will be no lecture on Thursday evening, Oct. 3d, but every other evening from next Sunday, September 29th, Monday, Tuesday, Wednesday, (none on Thursday), Friday, Saturday and Sunday, October 6th. Free seats for all. No controversy, no collection. Good singing.

REV. L. C. WERNERT.

Bellis-O'Neal.

Married—At St. Louis, Mo., Thursday, September 19, 1907, by Rev. J. W. Williamson, at the church parlors of the Third Baptist Church, at 3:30 p. m., Mr. M. D. Bellis, of Los Angeles, California, and Miss Nettie O'Neal, late of Ironton.

The announcement of this wedding was published in last week's REGISTER, one day in advance of the ceremony which has since bound two lives as one. It is indeed a pleasure to me to send congratulations and good wishes to the contracting parties, both of whom were for many years residents of Ironton. The bride was a good daughter and will make a faithful, loving wife. The groom is one whom, through years of intimate association, I have been taught to hold in the highest esteem. The two can hereafter have no good fortune that will not be gratifying to, or sorrow that will not be shared by the writer. May all their days be bright and their years crowned with success!

Mr. and Mrs. Bellis will, after a tour through the Northwest, be "at home" to their friends at 310 Echandia street, Los Angeles.

Mendico-Johnson.

Miss Marcella Johnson, daughter of Mr. and Mrs. A. Johnson, of Vineland, Mo., and Mr. A. J. Mendico, son of Joseph Mendico, of De Soto, Mo., were married Sunday, September 22d, 1907, at the home of the bride's parents. The bride was attired in a beautiful white silk dress, attended by a bridesmaid likewise attired. The groom was in conventional black and attended. The ceremony was performed at two o'clock p. m. in the presence of a few relatives and friends by Father Wm. Noonan, of De Soto. The bride received some lovely presents after the ceremony dinner was served.

Mr. and Mrs. Mendico will visit St. Louis and East St. Louis, and then will go to Hoxie, Ark., where they will make their future home, about the 6th of October, where the groom is connected with the Iron Mountain railroad.

Some of those who attended were: Mr. and Mrs. J. Leff, Misses Minerva Leff, Lena Hall, Messrs. W. E. Hills and W. R. Hall, Ironton; Mr. and Mrs. A. Johnson, Vineland, Mo.; Mr. and Mrs. W. G. Thurman, C. P. Leff, East St. Louis; Miss Gertrude Groom, Palmer, Mo.; Will Burda, De Soto.
